Download PDF Online Book Caesar Theodore Ayrault Dodge Free eBook PDF/ePub/Mobi, At the time of his death, Julius Caesar was the most powerful man on earth. Beginning with the Gallic Wars, he had fought a series of epic campaigns, culminating in the brutal civil war that brought the Roman Republic to an end and gave birth to the new Roman Empire. His battles ranged over much of the known world, from Spain, Gaul and Italy, to Greece, Asia Minor, and Egypt. Caesar's own Commentaries are a classic account of how he led his beloved legions into battle, but they leave many questions of war and strategy unanswered.

Theodore Ayrault Dodge's illustrated history of Caesar was first published in 1892, as part of his "Great Captains" series. The author, an experienced military officer and historian, visited all of the major battlefields, and made full use of ancient sources. His history follows Caesar's entire career, reconstructs his victories and defeats, and explains his lasting impact on the art of war. "Caesar" is an unparalleled military history of one of the world's greatest generals. This ebook edition includes an active table of contents, reflowable text,
