"I want to believe, I want to have hope, but . . ." Pastor and bestselling author Craig Groeschel hears these words often and has asked them himself. We want to know God, feel his presence, and trust that he hears our prayers, but in the midst of great pain, we may wonder if he really cares about us. Even when we have both hope and hurt, sometimes it's the hurt that shouts the loudest. Can God be good when life is not?

In Hope in the Dark, Groeschel explores the story of the father who brought his demon-possessed son to Jesus, saying, "I believe! Help my unbelief!" In the man's sincere plea, Jesus heard the tension in the man's battle-scarred heart. He healed not only the boy but the father too, driving out the

hopelessness that had overtaken him. He can do the same for us today.

As Groeschel shares his pain surrounding the current health challenges of his daughter, he acknowledges the questions we may ask in our own deepest pain: "Where was God when I was being abused?" "Why was my child born with a disability?" "Why did the cancer come back?" "Why are all my friends married and I'm alone?" He invites us to wrestle with such questions as we ask God to honor our faith and heal our unbelief.

In the middle of your profound pain, you long for authentic words of understanding and hope. You long to know that even in overwhelming reality, you can still believe that God is good. Rediscover a faith in the character, power, and presence of God. Even in the questions. Even now.

Hope in the Dark is also available in Spanish, Esperanza en la Oscuridad.

The regular type of help documentation is really a hard copy manual that's printed, nicely bound, and functional. It operates as a reference manual - skim the TOC or index, get the page, and stick to the directions detail by detail. The challenge using these sorts of documents is the fact that user manuals can often become jumbled and hard to understand. And in order to fix this problem, writers can try and employ things I call "go over here" ways to minimize the wordiness and simplify this content. I've found this approach to be extremely ineffective most of the time. Why? Because **hope in the dark** are considered unsuitable to get flipped through ten times for just one task. That is what online assistance is for.

If you realize your hope in the dark so overwhelming, you are able to go ahead and take instructions or guides in the manual individually. Select a special feature you wish to give attention to, browse the manual thoroughly, bring your product and execute what the manual is hinting to complete. Understand what the feature does, using it, and don't go jumping to a different cool feature till you have fully explored the actual one. Working through your owner's manual by doing this assists you to learn everything concerning your digital product the best and most convenient way.
