From Gabrielle Hamilton, bestselling author of *Blood, Bones & Butter*, comes her eagerly anticipated cookbook debut filled with signature recipes from her celebrated New York City restaurant Prune.

**NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY**

**NAMED ONE OF THE BEST BOOKS OF THE SEASON BY Time • O: The Oprah Magazine • Bon Appétit • Eater**

A self-trained cook turned James Beard Award-winning chef, Gabrielle Hamilton opened Prune on New York's Lower East Side fifteen years ago to great acclaim and lines down the block, both of which continue today. A deeply personal and gracious restaurant, in both menu and philosophy, Prune uses the elements of home cooking and elevates them in unexpected ways. The result is delicious food that satisfies on many levels.

Highly original in concept, execution, look, and feel, the Prune cookbook is an inspired replica of the restaurant's kitchen binders. It is written to Gabrielle's cooks in her distinctive voice, with as much instruction, encouragement, information, and scolding as you would find if you actually came to work at Prune as a line cook. The recipes have been tried, tasted, and tested dozens if not hundreds of times. Intended for the home cook as well as the kitchen professional, the instructions offer a range of signals for cooks—a head's up on when you have gone too far, things to watch out for that could trip you up, suggestions on how to traverse certain uncomfortable parts of the journey to ultimately help get you to the final destination, an amazing dish.

Complete with more than with more than 250 recipes and 250 color photographs, home cooks will find Prune's most requested recipes—Grilled Head-on Shrimp with Anchovy Butter, Bread Heels and Pan Drippings Salad, Tongue and Octopus with Salsa Verde and Mimosa'd Egg, Roasted Capon on Garlic Crouton, Prune's famous Bloody Mary (and all 10 variations). Plus, among other items, a chapter entitled "Garbage"—smart ways to repurpose foods that might have hit the garbage or stockpot in other restaurant kitchens but are turned into appetizing bites and notions at Prune.

Featured here are the recipes, approach, philosophy, evolution, and nuances that make them distinctively Prune's. Unconventional and honest, in both tone and content, this book is a welcome expression of the cookbook as we know it.

## **Praise for *Prune***

“Fresh, fascinating . . . entirely pleasurable . . . Since 1999, when the chef Gabrielle Hamilton put Triscuits and canned sardines on the first menu of her East Village bistro, Prune, she has nonchalantly broken countless rules of the food world. The rule that a successful restaurant must breed an empire. The rule that chefs who happen to be women should unconditionally support one another. The rule that great chefs don’t make great writers (with her memoir, *Blood, Bones & Butter*). And now, the rule that restaurant food has to be simplified and prettied up for home cooks in order to produce a useful, irresistible cookbook. . . . [*Prune*] is the closest thing to the bulging loose-leaf binder, stuck in a corner of almost every restaurant kitchen, ever to be printed and bound between cloth covers. (These happen to be a beautiful deep, dark magenta.)” —***The New York Times***

“One of the most brilliantly minimalist cookbooks in recent memory . . . at once conveys the thrill of restaurant cooking and the wisdom of the author, while making for a charged reading experience.” —***Publishers Weekly* (starred review)**

**Download PDF Online Book Prune Gabrielle Hamilton Free eBook PDF/ePub/Mobi**, The regular type of help documentation is really a hard copy manual that's printed, nicely bound, and functional. It operates as a reference manual - skim the TOC or index, get the page, and stick to the directions detail by detail. The challenge using these sorts of documents is the fact that user manuals can often become jumbled and hard to understand. And in order to fix this problem, writers can try and employ things I call "go over here" ways to minimize the wordiness and simplify this content. I've found this approach to be extremely ineffective most of the time. Why? Because **prune** are considered unsuitable to get flipped through ten times for just one task. That is what online assistance is for.

If you realise your prune so overwhelming, you are able to go ahead and take instructions or guides in the manual individually. Select a special feature you wish to give attention to, browse the manual thoroughly, bring your product and execute what the manual is hinting to complete. Understand what the feature does, using it, and don't go jumping to a different cool feature till you have fully explored the actual one. Working through your owner's manual by doing this assists you to learn everything concerning your digital product the best and most convenient way. By ignoring your digital product manual and not reading it, you limit yourself in taking advantage of your product's features. When you have lost your owner's manual, look at product instructions for downloadable manuals in PDF

prune are a good way to achieve details about operating certain products. Many products that you buy can be obtained using instruction manuals. These user guides are clearly built to give step-by-step information about how you ought to go ahead in operating certain equipments. A handbook is really a user's guide to operating the equipments. Should you lose your best guide or even the product would not provide an instructions, you can easily obtain one on the net. You can search for the manual of your choice online. Here, it is possible to work with google to browse through the available user guide and find the main one you'll need.
